

## User needs

Id	As a...	I want to...	So that...
1.	As a photographer	I want to keep track of photo locations.	So that I can track which I visited.
2.	As an app user	I want to be able to add/edit/delete countries and locations.	So that I can build a library of location.
3.	As a photographer	I want to add photo locations worth to visit.	So that I can see places worth to visit and aid trip planning.
4.	As a photographer	I want to add a brief description about location including tips and tricks (where to stay, eat, get to location, what to avoid).	So that in future when visiting a location, trip planning will be performed quickly.
5.	As a photographer	I want to be able to add my photographs to the location.	So that I can present it as a portfolio.
6.	As a photographer	I want to be able to present separately which location I visited and which are still to be visited.	So that I can aid trip planning and know which places I haven't visited yet.
7.	As a photographer	I want to see a detailed view about the location.	So that I can see what photos were taken or what potential the location has.
8.	As a photographer	I want to be able to search for location by continent, location or country.	So that I can quickly find the location.
9.	As a user	I want to have simple navigation.	So that I can quickly get from app what I want.
10.	As a user	I want app to be presentable on mobile devices like Samsung Galaxy S10+ and Samsung Tab2.	So that I can easily access locations when not in front of the computer.
11.	As a photographer	I want to see a key photo meta data.	So that I can reviewed it prior to a trip.
12.	As an app user	I want to show exact photo location on a map using GPS meta data.	So that I can know where exactly I need to be with camera.
